- ☐ **List the wildlife, destinations and experiences you would most love to enjoy.**
- ☐ **Discuss your route, accommodation and preferred pace with the PMK team.**

DOCUMENTS & WELLBEING

Prepare with confidence

Checkthe requirements foryourpassport, itinerary and personal circumstances.

Travel documents and entry authorisation

- [ ] **Check passport validity and blank-page requirements against official entry guidance for your nationality and route.**
- [ ] **Check whether you need a Kenya Electronic Travel Authorisation (eTA) or qualify for an exemption.**
- [ ] **If required, apply at etakenya.go.ke. Follow its current application timing, fees and document instructions.**
- [ ] **Prepare the requested documents, including your itinerary and accommodation details.**
- [ ] **Keep your approved authorisation accessible and carry a printed backup.**

An approved eTA permits travel to Kenya. Admission is determined by immigration officials on arrival.

- [ ] **Arrange a travel-health consultation well before departure. Discuss vaccinations, malaria prevention and personal medical needs with a qualified professional.**
- [ ] **Check whether your route requires a yellow fever vaccination certificate, including countries you visit or transit through.**
- [ ] **Check current Kenya entry and insurance requirements through official sources. Arrange appropriate cover for your trip.**

Health recommendations and entry requirements are different. Both can depend on your circumstances. Useful references: Kenya eTA guidance and CDC Kenya travel-health guidance.
